

Bochu Liu

Assistant Professor, Supervisor of master's students
College of Architecture and Urban Planning, Tongji University

liubochu@tongji.edu.cn

Research Fields

Health geography, Healthy city planning, Spatiotemporal behavior analysis, Urban data science

Education

- Doctor of Philosophy (PhD): Geography, Department of Geography and Planning, University of Toronto, September 2018 - July 2022, Toronto, Canada.
- Master of Science (MSc): Human Geography, College of Urban and Environmental Sciences, Peking University, September 2015 - July 2018, Beijing, China.
- Exchange Student: The University of Melbourne, February 2013 - June 2013, Melbourne, Australia.
- Bachelor of Engineering (BEng): Urban Planning (Five-Year Program), School of Architecture and Urban Planning, Nanjing University, September 2010 - July 2015, Nanjing, China.

Professional Experience

- Assistant Professor, Department of Urban Planning, College of Architecture and Urban Planning, Tongji University, July 2023 – Present, Shanghai, China.
- Visiting Researcher (Remote), Medical Research Council (MRC) Unit of Epidemiology, University of Cambridge, July 2023 – Present, Remote.
- Research Associate, Medical Research Council (MRC) Unit of Epidemiology, University of Cambridge, June 2022 - June 2023, Cambridge, UK.

Publications

Refereed Journal Articles

1. **Liu, B.**, Widener, M. J., Smith, L. G., & Gesink, D. (2023). Integrating coordination of food purchasing into activity space-based food environment research: Toward a household perspective. *Health & Place*, 82, 103046. (SSCI)
2. **Liu, B.**, M. J. Widener, L. G. Smith, S. Farber, D. Gesink, L. M. Minaker, Z. Patterson, K. Larsen, and J. Gilliland. (2022) "Time-geographic Project of Household Food Provision: Conceptualization and a Pilot Case Study." *Annals of the American Association of Geographers*, 113(3), 675-699. (SSCI)
3. **Liu, B.**, Widener, M. J., Smith, L. G., Farber, S., Gesink, D., Minaker, L. M., Z. Patterson, K. Larsen, and & Gilliland, J. (2022). Who's cooking tonight? A time-use study of coupled adults in Toronto, Canada. *Time & Society*, 31(4), 480-507. (SSCI)
4. **Liu, B.**, Widener, M. J., Smith, L. G., Farber, S., Minaker, L. M., Patterson, Z., Larsen, K., & Gilliland, J. (2022). Disentangling Time Use, Food Environment, and Food Behaviors Using Multi-Channel Sequence Analysis. *Geographical Analysis*, 54(4), 881-917. (SSCI)
5. **Liu, B.**, Zhou, K., Lei, A., Wang, Y., & Wang, L. Research on the Factors Influencing Online Food Consumption Based on Multi-source Data: A Case Study of Hongkou District, Shanghai. (2024). *Urban Planning International*, (5). (CSSCI)

22. **Liu, B.**, & Luo, X. (2014). Research on the Model of Sustainable Development and Utilization Ancient Village Heritage: The Case of Yangliu Village in Jiangning District, Nanjing. *Agricultural History of China*, 33(4), 130–136. (CSSCI)

Book Chapter

1. Widener, M., & **Liu, B.** (2021). “Food Environments.” In *International Encyclopedia of Geography: People, the Earth, Environment and Technology*, eds. D. Richardson, N. Castree, M. F. Goodchild, A. Kobayashi, W. Liu, and R. A. Marston. Oxford, UK: John Wiley & Sons, Ltd.

Thesis

1. **Liu, B.** (2022). How the Food Environment, Time Use, and Household Labour Division Influence Dietary Activities: A Case Study of Two Neighbourhoods in Toronto (Doctoral dissertation, University of Toronto).
2. **Liu, B.** (2018). Study on Individual Air Pollution Exposure and Health Effects Based on Spatiotemporal Behavior (Master’s thesis, Peking University).

Selected Conference Presentations (* presenter)

1. Liu, B.*, Zhou, K., Lei, A., & Wang, L. 2024. Exploring the determinants of online meal delivery service usage in Shanghai: An integrated multi-source data analysis. In *the 18th International Association for China Planning (IACP) Conference*, Hangzhou, China, July 5-8.
2. Liu, B.* 2023. Urban food environment and dietary behavior research from the perspective of spatiotemporal behavior. In *2023 China Healthy City Science Annual Conference*, Shanghai, China, October 26-27, 2023 (Invited presentation).
3. Liu, B.*, Widener, M. & Smith, L. 2022. Integrating time use dynamics into spatial exposure to food environments: Sequence analysis of GPS trajectory data. In *the 19th International Medical Geography Symposium (IMGS)*, Edinburgh, UK, June 19-24.
4. Liu, B.*, M. Widener, and L. Smith. 2022. Understanding the household food provision activities using the time-geographic concept of “project”. In *the American Association of Geographers Annual Meeting* (virtual), New York City, NY, US, February 25 – March 1 (presented on February 25).
5. Liu, B.*, Smith, L. & Widener, M. 2021. Partners’ non-food-related activities and arrangement of food-related household labor: a case study of coupled adults in Toronto, Canada. In *the 2021 European Colloquium on Theoretical and Quantitative Geography (ECTQG)* (virtual), Manchester, UK, November 3-5.
6. Liu, B.*, Smith, L., & Widener, M. 2021. Time use, food environments, and diet-related activities: using multi-channel sequence analysis to disentangle space, time, and food behaviours. In *Time Use Data for Health and Well Being Conference* (virtual), College Park, MD, US, June 23-25.

7. Widener, M.*, Smith, L.*, & Liu, B.*. 2021. How can time use diaries and GPS data be used to uncover the complexities of food-related behaviours? In *MoHeaP 2021: Virtual Workshop on Mobility, Health, and Place* (virtual), Zurich, Switzerland, June 22-23. (Third place in recognition of the most popular presentations)
8. Liu, B.*, Widener, M., & Smith, L. 2021. A methodological framework to explore the impacts of a partner's time use and geography on an individual's diet. In *the American Association of Geographers Annual Meeting* (virtual), Seattle, WA, US, April 07-11.
9. Widener, M., & Liu, B.*. 2019. A research framework incorporating mobility in dietary behavior research and two Canadian dietary behavior research projects. In *the 21st European Colloquium on Theoretical and Quantitative Geography (ECTQG)*, Luxembourg, September 5-9.
10. Liu, B.*, Widener, M., Burgoine, T., & Hammond, D. 2019. Associations between activity space fast food exposure and fast food consumption among young adults in Canada. In *the Association of American Geographers Annual Meeting*, Washington, D.C., US, April 3-7.

Academic Services and Membership

Journal Article Reviewer

2024 – Present, Public Health Nutrition, Cambridge University Press, SCIE
 2024 – Present, Frontiers of Urban and Rural Planning, Springer Nature
 2021 – Present, Urban Studies, SAGE, SSCI
 2020 – Present, Environment and Planning B: Urban Analytics and City Science, SAGE, SSCI
 2020 – Present, Health & Place, Elsevier, SSCI
 2020 – Present, Transportation Research Board

Guest editor/editorial board member

2023 – 2024, special issue guest editor, “Urban Food Environment: Use behaviors and Planning Interventions”, Urban Planning International (Top-tier planning journal in Chinese), CSSCI.
 2023 – Present, editorial board member (Geography, Urban Studies), Humanities and Social Sciences Communications, Springer Nature, SSCI.

Member of Professional Associations

2024 – Present, The Geographical Society of China (GSC), Member.
 2023 – Present, The Geographical Society of China (GSC), Health Geography Committee, Early-Career Board Member.
 2021 – Present, International Association for China Planning (IACP), Member.
 2018 – Present, Health and Medical Geography Specialty Group, Association of American Geographers (AAG), Member.
 2018 – Present, Spatial Analysis and Modeling Specialty Group, Association of American Geographers (AAG), Member.
 2018 – Present, Association of American Geographers (AAG), Member.

Teaching

Course instructor/guest lecturer (Tongji University)

Undergraduate: Introduction to Urbanism, Introduction to Healthy Urban Science, Urban Design (Studio), Urban Design Topics (Studio), Regulatory Detailed Planning (Studio).

Graduate: Urban Development Strategies and Policies, Comparative Studies on Urban Development in China and the US.

Tutorial instructor (University of Toronto)

Undergraduate: Tutorial instructor. Introductory Computation and Data Science for the Social Sciences (Spring 2022), Introductory Analytical Methods (Fall 2020, Fall 2019), GIS for Public Health (Spring 2019).

Awards

Shanghai Overseas High-level Talents, 2023

Canada Governor General's Gold Medals Nomination, 2023

China Scholarship Council Award for Outstanding Self-financed Students Abroad, 2022

University of Toronto Geography & Planning International Student Award, 2021

University of Toronto Geography & Planning Research Fellowship, 2021

Canada Maple Leaf Board Scholarship in Food Insecurity, 2020

University of Toronto Geography & Planning Recognition of Excellence Award, 2019

Research Projects

1. National Natural Science Foundation of China (NNSFC) fund for early-career researchers. Research on the Spatiotemporal Exposure to the Food Environment and the Mechanisms Influencing Dietary Behavior Among Urban Residents. From 2025-01 to 2027-12. PI.
2. Tongji University - Alibaba Group New Service Research Center cooperation project. Research on the construction of digital community life circle based on on-demand delivery services – The case of Shanghai. From 2024-05 to 2025-12. PI.
3. Tongji University School of Architecture and Urban Planning new faculty research fund. Research on the physical and virtual food environments and food consumption behavior in Shanghai. From 2023-11 to 2025-10. PI.
4. National Institute for Health and Care Research (NIHR) Public Health Research Programme. Evaluation of planning policy to regulate takeaway food outlets for improved health in England. From 2021-04 to 2024-03. Postdoctoral Researcher.
5. Social Sciences and Humanities Research Council (SSHRC) Insight Grant. Time, geography, and food: how time use, social-spatial context, transportation options, and personal economics affect access to food in cities. From 2017-03 to 2024-03. Lead Graduate Student Researcher.
6. University of Toronto-Tsinghua University Joint Program Grant. Time use, activity participation, and elderly health in everyday context: A comparison between China and Canada. From 2019-10 to 2022-09. Key Graduate Student Researcher.

7. Planning and Land Resources Administration of Shanghai Municipality. Urban Sensing and Diagnosis of Shanghai and Its Implications for Decision-making. From 2016 to 2018. Lead Graduate Student Researcher, Project Coordinator.
8. NNSFC general program. Construction of Space-Behavior Interaction Theory Informed by Time Geography and Verification Research in Urban China. From 2016-01 to 2019-12. Key Graduate Student Researcher.
9. NNSFC joint research fund for overseas scholars and scholars in Hong Kong and Macao. Sino-US Comparative Research on Residents' Space-Time Behavior and Its Theoretical Innovation. From 2016-01 to 2019-12. Graduate Student Researcher.
10. NNSFC funds for international cooperation and exchange. China-Sweden Collaboration on Urban Planning Research and Education from the Perspective of Time Geography. From 2016-01 to 2018-12. Graduate Student Researcher.
